May we present your 1957 Cougar's Growl. As you thumb through the pages, we hope you will recall many pleasant memories for that is what an annual is--- a book of memories.

Publishing an annual is work, but if you enjoy your Cougar's Growl now and in the years to come, it will have been well worth the effort.

I wish to thank the people who made this book possible--advisor, staff, donors, and subscribers.

As a senior, I wish my undergrads the best of luck. As editor, I repeat, may you enjoy your annual.

Pat Woody

They have understood our problems, assisted us with patience of steel, listened to our complaints with an admirable smile, inspired us with confidence, encouraged us when we were disheartened, and enhanced our chance for success.

Their determined effort to make us satisfied and happy shall always be remembered as one of our most precious high school memories. Words can't express our appreciation for their various contributions; but to show how much we love, honor, and respect them, we the staff of the Cougar's Growl dedicate this annual to our parents.

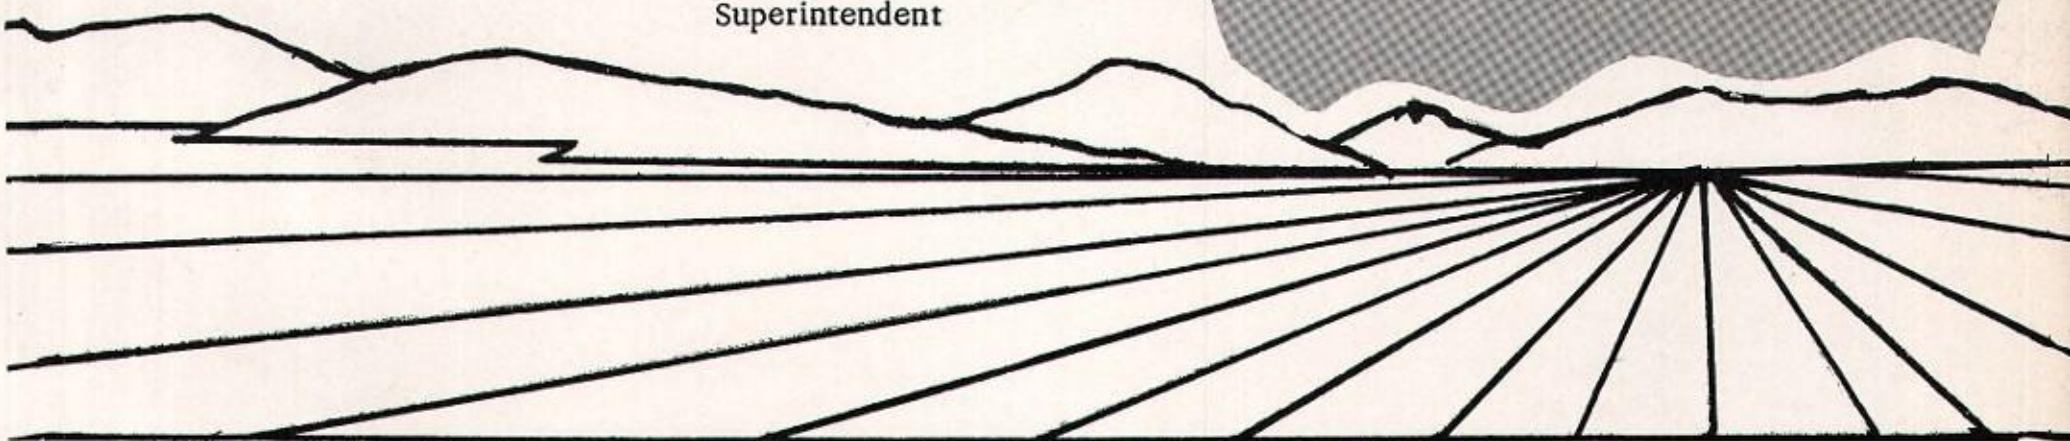

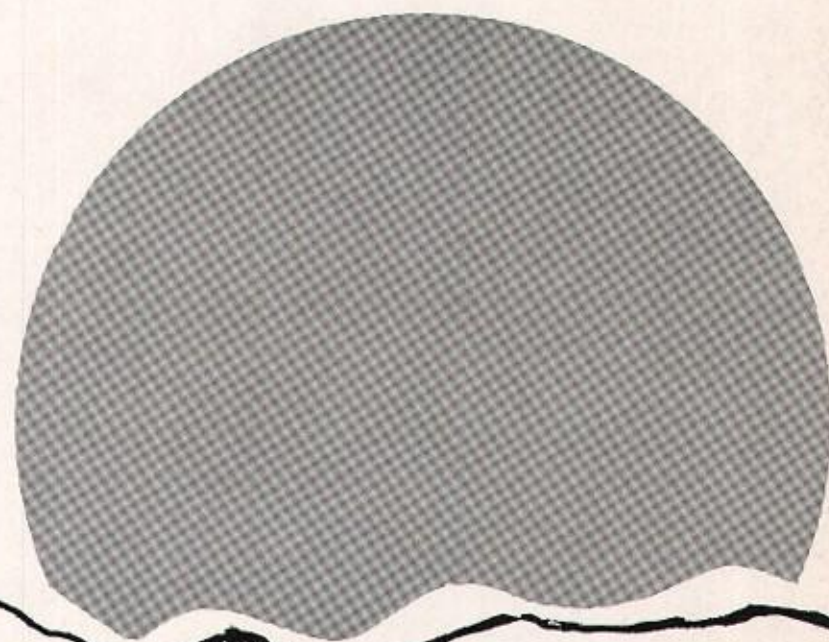

The passing of another busy year has, I believe, marked the realization of a number of significant advances in the record of our school.

If we have learned more effective study habits, raised our standards of acceptable achievement, and learned to work with each other with a friendly and non-critical attitude, the year has indeed been well spent.

Congratulations to the editors and staff for an outstanding piece of work.
